Model No. **WVC54GC-UK**

1 Set up the Intamac Camera Monitoring Service for the Camera

A On the *Welcome* or *Congratulations* screen of the Setup Wizard, click the **Intamac Remote Camera Monitoring** tab.

NOTE: If you need to start up the Setup Wizard, insert the Setup CD-ROM into your CD-ROM drive. The Setup Wizard should run automatically, and the *Welcome* screen should appear. If it does not, click **Start** and then **Run**. In the field provided, enter **D:\wvc54gc.exe** (where "D" is the letter of your CD-ROM drive).

B The *About the Intamac service* screen explains the benefits of using the Linksys Camera(s) and Intamac Camera Monitoring Service to monitor your property. Click **Next**.

C The *30 Day Free trial offer* screen describes the 30-day free trial of the Intamac Camera Monitoring Service. Click **Next**.

D Make sure your network has an active Internet connection. Verify that your PC and Camera are connected to the network and the Camera is configured properly. Click **Next**.

E The screen shown in Figure E displays a list of Wireless-G Internet Video Cameras on your network and their status information. In the *Selection* box, click the name of the Camera you are currently setting up. Click **Next**.

F To ensure security, you will be asked to enter a user name and password before you can access the Camera. If you have not changed the Camera's user name and password, then enter **admin** in the *User name* and *Password* fields (**admin** is the default). Then click **OK**.

G Your web browser will automatically start up, and the *Intamac Camera Monitoring* screen of the Camera's web-based utility appears. Click **Set up a new account**.

H If you already have an Intamac account, click **Add camera to existing account** and follow the online instructions.

I Complete the entries on the account details screen. All fields marked with an asterisk are required.

NOTE: Your privacy is important to Intamac, which is registered and complies with the legislation of the UK Data Protection Act.

If you agree with the terms and conditions of your agreement with Intamac, select **I accept**.

You can also choose whether to receive product and service information from Intamac or other companies by e-mail. Then click **Continue**.

J On the monitored property screen, confirm that the address you entered is the location of the camera to be monitored. If the new settings are correct, click **Continue**.

If the camera will be located at a different address, select *This is NOT the monitored property* and click **Continue**. You will be asked to enter the details of the monitored property. Then click **Continue**.
